Hi Linda,

You can ask Judy to add you if you want to keep track of everything. But my guess is that it will mostly be a lot of traffic and not much that will be useful to you. There are probably only a few documents I will ask you to review. It is up to you.

It would be good to get feed back on what I sent as soon as possible. The anthropologists would like to do the first interviews in late April.

Thanks,
Phil

Thanks Phil - keep me posted. I will take a look at this as soon as I can. Also, do you think it makes sense for Judy to add me to the Bristol Bay Quicker site? or do you think that's not necessary?

(I met and briefly chatted with Judy last week when we were in the Oregon Ops Office getting a tour from Yvonne - beautiful space there and gorgeous art collection on the walls!)

Cheers,

Linda

Tami and Linda,
Here are documents related to the cultural part of the Bristol Bay Assessment. This is just for your review for now. We will get another draft from the investigators for distribution and feedback from the tribes once we have provided feedback. It would be good to hear from you sooner rather than later but I know you are busy.

Phil

Hi Phil,
Here are the documents I mailed to Jenny Thomas last night - I cc'd them to you but inadvertently left out part of your address.
best wishes,
Catherine

Hello Jenny,
Here are the questions and the narrative that provides some essential background information. It may be helpful to read the narrative first. The questions are still a draft, subject to change and improvements. We would be glad to hear from the economic team about any questions they would like to add. Please let me know when you receive this email whether you are able to open both attachments, and if you need anything else at this time. You can reach me at this email address, or at the college on Friday after 8:30a.m. Alaska time at (907)235-1674. Thank you for your help.
Best wishes,
Catherine
